

Drug & Alcohol Testing Association of Canada

**Drug & Alcohol Testing  
Association of Canada**

**TRAINING • STANDARDIZATION • CREDIBILITY**

## DATAc Overview

### TRAINING

Our online training program is second to none. Members work at their own pace and choose their own courses. We offer specimen collection and breath alcohol training courses which meet and exceed both Canadian and American standards.

### SUPPORT

Let us support you. You have questions, and we have the answers. We have a private forum for members to share ideas and information. Plus, we publish a quarterly newsletter outlining all of the changes in the drug and alcohol testing industry.

### PROFESSIONAL SERVICES

Need something? Utilize our network of Canadian suppliers of equipment, testing supplies, and legal support. We won't partner with any companies unless they meet our stringent standards and provide our members with the best in the industry.

### INDUSTRY CREDIBILITY

DATAc certification is recognized across Canada as the "gold standard" of training. No other is recognized and accepted as widely as DATAc certification.
