

Drug & Alcohol Testing Association of Canada

eLEARNING SERIES:
BREATH ALCOHOL TECHNICIAN COURSE

Become a certified DOT-compliant alcohol technician

DATAAC's self-led, online certification program covers all aspects of alcohol testing as mandated by the federally-regulated United States Department of Transportation (DOT).

Technicians will not only be competently trained in regards to alcohol screening and confirmation testing, but will also be provided with a full understanding of the regulations, policies and procedures within the alcohol testing field.

Designed with the needs of today's professional in mind, this module-based course is compatible with smartphones and tablets providing the flexibility needed to complete the training course in today's fast-paced Canadian workplace.

DOT Compliant
